

Fresh Produce Safety Centre Australia & New Zealand

Striving towards safer fresh produce in Australia and New Zealand through leadership, knowledge and innovation.

What we do.

Global Connections | Translating Research | Delivering Solutions

- Identify and broker connections and collaborations that improve food safety knowledge and leads to innovative solutions
 - Host food safety events; a networking conference, innovation forum, a series of webinars and small events
 - Analyse and translate food safety research outcomes for industry uptake
 - Review and update the Guidelines for Fresh Produce Food Safety.
